WORK EXPERIENCE:

WEB DESIGNER & DEVELOPER

VEE SOFTWARE SOLUTIONS PRIVATE LIMITED, MOHALI, INDIA (APRIL 2018 - SEPTEMBER 2019)

- Worked upon building mock-ups & prototypes for both web as well as mobile using Adobe XD.
- Built media for production using various cutting-edge tools like Adobe's Illustrator, Photoshop & After Effects.
- Developed several websites using the latest web technologies like HTML5, CSS3 & JavaScript.
- Maintained the projects using version control systems, such as Github, BitBucket, etcetera.
- Developed a CMS for Amazon Sellers using Javascript based frameworks & libraries, such as, React.js, Node.js, Express.js & MongoDB.
- Coordinated with the team of designers, to discuss newer design & accessibility patterns.
- Used various debugging methods to keep the designs & projects bug-free.
- Applied several testing techniques like Unit Testing to make the coding process agile & improve the quality of code.
- Maintained documentation for the work done & conducted weekly code reviews of the fellow colleagues.
- Coordinated with clients to understand project requirements & brief them on the weekly progress.
- Mentored two interns at work in the areas of web designing, prototyping & development.

ACADEMIC BACKGROUND

- Bachelor's degree in Computer Science Engineering from Rayat Institute Of Engineering & Information Technology. (July 2014 - June 2018)
- Graduate Certificate in Business from Algoma University. (January 2020 - September 2020)
- Graduate Certificate In Web Design & Development from Humber College. (September 2020 - May 2021)

INTERNSHIPS

- Interned at PiSoft Informatics Private Limited, Mohali, India in Web Technologies like HTML, CSS, JavaScript, PHP. (January 2018 - April 2018)
- Interned at Centre For Development Of Advanced Computing (CDAC), Mohali, India in C & C++ using Linux Operating System. (May 2016 - July 2016)

EXTRA CURRICULAR & ACHIEVEMENTS

- Awarded with the title "Employee of the month" thrice at Vee Software Solutions Private Limited for exhibiting discipline & good programming skills.
- Volunteered for blood & plasma donation multiple times at Toronto & Indian blood donation camps.
- Contributed to the District Youth Club Coordination Committee, Rupnagar, India in terms of educating children belonging to the poor sections of society.

LINKS

- Personal blog website.

TopCoded.com is a blog website that intends to mentor & educate the new & budding programmers in terms of understanding a concept easily.

<https://topcoded.com>

- Medium.

Through Medium.com, the motive is to help the new programmers with grasping the concepts easily & make them comfortable with latest cutting-edge technologies like React.js, Node.js, MongoDB, GraphQL, etcetera.
